

CLEAN SLATE SCREENING PROJECT

PRO-BONO VOLUNTEER WEB PORTAL

Thank you for your interest in volunteering with the Clean Slate Screening Project!

Clean Slate is the first law in the nation to seal certain criminal records from public view through an automated process, helping people across the state of Pennsylvania access employment, housing, and education. **More than 8,000 individuals have signed up to have their records screened for Clean Slate – which is why we need your help!**

Our new volunteer web portal contains all of the resources and information you will need to screen clients from any location, at any time.
